# SHOWTIME ORIGINAL SERIES

## NURSE JACKIE

Rehab's a bitch. Edie Falco returns in her Emmy®-winning role in the Showtime Original Series NURSE JACKIE. Out of excuses, out of tricks, and out of control, Jackie Peyton finally has to seek help. But coming clean won't be easy. She's about to learn, the truth is a hell of a drug.

## THE BIG C

Laura Linney is back in her Golden Globe® winning role as Cathy Jamison in a new season of the bitingly funny Showtime Original Series THE BIG C. Cathy has finally learned to live - *really live* - with cancer, until some unexpected news from her doctor changes everything. Also starring Oliver Platt and Gabourey Sidibe.

## THE BORGIAS

Jeremy Irons returns as the ruthless Pope Alexander VI in the Showtime Original Series. After exacting vicious punishment on all those who opposed them, the Borgias are at the apex of their power. But, the seemingly unbreakable bonds of blood will be tested like never before, as the house notoriously united against the world...becomes divided against itself.

## COMING THIS SUMMER

## EPISODES

A husband and wife writing team bring their successful British television series across the pond to America. But in true Hollywood fashion, it becomes a laughable, clichéd sitcom - starring none other than Matt LeBlanc. Matt not only messes with their show, he rocks the foundation of their relationship.

## WEEDS

Pot-selling single mom turned danger junkie Nancy Botwin has been dodging disaster since day one, but she's always had a special talent for manipulating her friends, her family, and even the law to her advantage. And the more desperate things become, the more she's ready and willing to take desperate measures - no matter who she'll have to take with her.

## NEW EPISODES THIS FALL

## DEXTER®

Dexter Morgan, Miami Metro Police Department blood spatter analyst, leads a double life. When he's not helping the homicide division solve murders, he satisfies his dark desires by hunting and killing bad guys who slip through the cracks of the criminal justice system.

## THE FRANCHISE: A SEASON WITH THE MIAMI MARLINS

With a new ballpark, a fiery new manager and some of the most dynamic players, excitement for the Miami Marlins is at a fever pitch. Follow the players, their families, coaches and team personnel from the off-season and Spring Training to the All-Star Game and beyond.

## WEB THERAPY

Stars Emmy® Award-winning actress Lisa Kudrow as "Dr. Fiona Wallace," a self-professed psychotherapist who treats patients via webcam in weekly, three-minute sessions. But instead of hearing her patients' issues, she spends more time interrupting and sharing meaningless personal data.

## THE REAL L WORD®

From the Executive Producer of THE L WORD® and the creators of Project Runway and Top Chef, the sexy reality series that goes where no show has gone before.

## HOMELAND

A taut psychological thriller about a volatile CIA officer (Emmy®-winner Claire Danes) who becomes convinced that a recently rescued American POW may be connected to an al Qaeda plot to be carried out on U.S. soil. Damian Lewis and Mandy Patinkin also star.
